

MINORS

In addition to a major, Linfield students may elect to complete the requirements for a minor. A minor program consists of 20-30 credits, including prerequisites and support courses. A single-field minor may require no more than 25 credits in the field.

Some but not all major programs have an associated minor; a few minors exist without corresponding majors. There are no individually designed minors. The requirements for specific minors are listed in the Programs A-Z Index of this Catalog and within Departments or Programs of the College or School.

A student must earn a minimum cumulative GPA of a 2.000 in the courses required for completion in the declared minor(s), unless the individual program requires a higher GPA. At least 10 of the credits included in a minor must be taken at or through Linfield.
