

FIRST-YEAR MCMINNVILLE CAMPUS STUDENTS

Linfield offers a number of academic scholarships to entering first-year students attending full time. Academic scholarships are available to the best-qualified applicants each year. The scholarships are for undergraduate study only, and are awarded on a semester-by-semester basis for the first eight semesters of a qualified student's full-time attendance, as defined by a minimum of 12 credits per semester.

These scholarships are awarded regardless of financial need. To receive priority consideration for all merit scholarships, the student's application for admission must be complete by the priority deadline. Students must meet Satisfactory Academic Progress (SAP) for renewal of awards listed in this section as explained in the section headed "Satisfactory Academic Progress."

LINFIELD MERIT AWARD

Students who are Finalists in the National Merit Scholarship Corporation Program, and who list Linfield as their first choice college, and are eligible for a college sponsorship through National Merit, will be awarded a Linfield Merit Award. The amounts range from half tuition on a no-need basis, to full tuition with sufficient financial need.

The award is guaranteed through the sophomore year, and renewed for the junior and senior years if the student maintains a 3.350 Linfield cumulative GPA, is a full-time student, and applies for renewal of financial aid in a timely manner.

LINFIELD SCHOLARSHIPS

Linfield Scholarships are available for outstanding incoming first-year students attending full time, at least 12 credits per semester. Scholarship decisions are based on the student's academic record including grades and strength of schedule. Information submitted on the Application for Admission to Linfield is used to determine scholarship eligibility. A separate application is not required.

At its discretion, the University may change this award to a Linfield Endowed Scholarship for the same award amount and with similar renewal criteria. A portion of Linfield's institutional dollars are funded by over 200 endowed scholarships.

LINFIELD ACADEMIC COMPETITIVE SCHOLARSHIPS

Department-sponsored competitions for prospective first-year students are held on the McMinnville Campus. Participation is by invitation only. Students applying for Fall 2025, the completed application for admission must be submitted by December 1, 2024.

Invited students can compete with the opportunity to win a scholarship, ranging from \$12,000 - \$20,000. Each award is distributed equally over eight semesters of full-time attendance. For example, for a \$20,000 award, a student will receive \$5,000 for the first year and each of the following three years. A Competitive Scholarship may be received in combination with one of the other academic scholarships.

Students who participate in the Linfield Scholarship and Visit Weekend and enroll at Linfield will receive a \$1,000 Visit Weekend Participation Award for their first year.

LINFIELD FIRST SCHOLARSHIPS

The Linfield First Scholarship is designed to address challenges faced by first generation college students and build upon the skills and experience they bring to campus. This scholarship is for first year students attending full time. The Linfield First Scholarship is automatically renewable as long as the student is meeting satisfactory academic progress.

Linfield defines "first generation" as a student whose parents did not complete a bachelor's degree, or a student from a single parent home whose parent did not complete a bachelor's degree.

INTERNATIONAL STUDENT SCHOLARSHIPS

A limited number of scholarships are available to full-time undergraduate international students. Each applicant is considered individually on the basis of prior academic achievement.

MUSIC SCHOLARSHIPS

The Music Department offers scholarships available by audition for music majors and minors (Music Achievement Awards) and majors, minors and non-majors (Music Participation Awards) who attend full time.

Auditions enable the Music Department to recognize and provide scholarship assistance to students who have had successful participation in music. Eligible applicants must have applied for admission. Students intending to major or minor in music will be considered for both Music Achievement and Participation Awards. Students not intending to major or minor in music will be considered for Music Participation Awards only. Music Participation Awards are \$2,000 per year for students with special talent in music upon the recommendation of the Music Department. Music Achievement Awards range from \$5,000-\$6,000 annually and are renewable based on continued participation in music performance and a recommendation from the Department of Music.

Interested students will be required to audition either in person or by CD/DVD by February 15, of each year. The Music Achievement Awards are distinct and separate from the Linfield Competitive Scholarships offered by the Department of Music, and students are encouraged to apply for both. For more information, please contact the Linfield University Department of Music at 503-883-2275.

Please note that the Music Scholarships are only available to students attending the McMinnville Campus and will not be replaced if a student moves to the Portland Campus.

TALENT AWARDS

Awarded, based on need, to full-time undergraduate students with special talents in activity areas of theatre, forensics and journalism.

LINFIELD UNIVERSITY GRANTS

Awarded to full-time undergraduate students based on financial need based on the FAFSA. The Linfield University Grant is renewed for up to nine semesters provided the student has financial need.

ENDOWED AND SPECIAL SCHOLARSHIPS

Endowed and other scholarships are sources of student financial aid made possible through the generosity of friends of the university. Scholarships are awarded from the annual income of funds donated in perpetuity, often as a memorial or recognition of a special person. They are administered by the Director of Financial Aid. These scholarships have been made possible by alumni and other friends closely related to Linfield. It is hoped that some recipients of this generosity, later and when circumstances permit, will decide to aid others by continuing such scholarships for the benefit of students of future generations.

No separate application forms are required for these scholarships. All students who apply for financial aid are automatically considered for each of the scholarships, in accordance with the wishes of the donors and university policies relating to financial aid. At some point Linfield may replace a Linfield Scholarship or Linfield University Grant with these funds.

OREGON SOURCES OF FINANCIAL AID

Oregon Opportunity Grants

The Oregon Opportunity Grant is administered by the Oregon Office of Student Access and Completion (OSAC). Oregon residents filing a FAFSA are automatically considered if the student lists an eligible Oregon college and meets the OSAC eligibility criteria. Oregon students not eligible to file a FAFSA can complete the Oregon Student Aid Application (ORSAA).

Visit oregonstudentaid.gov for more information.

FEDERAL SOURCES OF FINANCIAL AID

The Federal Pell Grant, Iraq and Afghanistan Service Grant (IASG), Federal Supplemental Educational Opportunity Grant (FSEOG), and Federal TEACH Grant (TEACH Grant) are all grants that are awarded to eligible undergraduate students at Linfield, who do not have their first bachelor's degree. Students must meet federal eligibility criteria based upon completion of the Free Application for Federal Student Aid (FAFSA), studentaid.gov, and other student eligibility criteria that Linfield will confirm upon enrollment. Federal grants do not require repayment.

Please contact the Office of Financial Aid with questions regarding eligibility for the federal grant programs.

Federal Pell Grant

Eligibility for this need-based federal grant program is determined upon submission of the FAFSA. Award amounts are determined by federal law. The Federal Pell Grant amount is contingent on federal legislative funding. You will be notified on your Free Application for Federal Student Aid (FAFSA) Student Aid Report confirmation email if you are eligible for a Federal Pell Grant.

The final amount of your Federal Pell Grant offered from Linfield is calculated each semester based upon the Student Aid Index (SAI) that is calculated from your FAFSA, the number of credits you are taking each semester at the census date, your program, and Linfield's cost of attendance. You are not eligible to receive Federal Pell Grant from more than one college for the same period of time.

The Office of Financial Aid will utilize information from the federal government to monitor annual and maximum Federal Pell Grant eligibility. The annual amount must not exceed 100% of the scheduled award and the maximum lifetime eligibility used must not exceed 600%. The Office

of Financial Aid will review transfer students Federal Pell Grant history to ensure that the student stays within the annual and aggregate maximum eligibility when determining award amounts per semester.

Iraq and Afghanistan Service Grant (IASG)

Students that indicate on their FAFSA form that their parent was killed in the line of duty may be eligible to receive a maximum Pell grant award under a Special Rule in the Higher Education Act (HEA, Sec. 401(c)).

To receive the Pell grant based on the new eligibility guidelines under the Special Rule, a student must be the child of a parent or guardian who died in the line of duty while serving as an active duty member of the Armed Forces on or after September 11, 2001 or actively serving as and performing the duties of a public safety officer, be under the age of 33 years old as of January 1, 2024 to be eligible for the 2024-25 year, and are not eligible for the Federal Pell Grant on the basis of the Student Aid Index calculation.

Eligible students can receive the IASG for a maximum of 12 semesters while working towards completing their first undergraduate degree. The Office of Financial Aid will contact students who self-identify on the FAFSA to verify their eligibility.

Federal Supplemental Educational Opportunity Grant (FSEOG)

Eligibility for this need-based campus-based federal grant program is determined upon submission of the FAFSA and federal funds awarded to Linfield. These grants are administered through Linfield according to government standards and are awarded to students who have exceptional financial need as determined by the Office of Financial Aid.

Federal Teacher Education Assistance for College and Higher Education Grant (TEACH Grant)

This non-need based grant is available to Linfield education and pre-education majors who plan to become elementary or secondary teachers. Students who receive a TEACH Grant must complete a service obligation by serving as a highly-qualified teacher in a designated high-need field at a low-income school for four years within eight years of completing a TEACH Grant eligible program.

Failure to complete teaching service will result in the TEACH Grant being converted to a Direct Unsubsidized Stafford Loan with retroactive interest, which would then require repayment. Students must complete a FAFSA, maintain a 3.250 GPA, complete TEACH Grant Initial and Subsequent Counseling, and TEACH Grant Agreement to Serve (ATS) annually.

The TEACH Grant amount is up to \$4,000 annually for students who are completing or plan to complete coursework needed to begin a career in teaching. For more information the TEACH Grant program and its requirements, visit studentaid.gov (<https://studentaid.gov/understand-aid/types/grants/teach/>).

Student Employment

The Federal Work Study (FWS) program encourages community service work and work related to the recipient's course of study. Eligibility for this need-based campus-based federal program is determined upon submission of the FAFSA and federal funds awarded to Linfield. FWS is a federally funded program allowing student participants to work and earn money towards their educational expenses.

Campus Employment (CE) is a non-need based program that allows participants to work and earn money towards their educational expenses in the same manner as FWS.

To be eligible to work a student must be admitted to a degree program at Linfield and registered in at least 3 credits during the Fall and/or Spring semesters and have submitted a FAFSA and LAFA for the current year.

On-campus employment opportunities include jobs such as library assistants, laboratory and research assistants, clerical assistants, dining hall personnel, and campus maintenance workers. Off-campus employment opportunities will usually be in a private nonprofit organization or a public agency, and the work performed must be in the public interest.

Individual award amounts are made by the Office of Financial Aid. A student must obtain a job and are responsible to their work supervisors for hours and performance, and required to stay within award limits.

Student employment does not pay a student's bill upfront, it is the student's responsibility to determine how they will use any funds earned through on-campus jobs.

FEDERAL DIRECT STAFFORD LOANS

Eligible students may borrow Federal Direct Stafford Loans to help pay for their cost of higher education at Linfield. Linfield participates in the William D. Ford Federal Direct Loan Program. Loans from this program are referred to as Federal Stafford Loans, Federal Direct Loans, or Direct Stafford Loans. Regardless of what name is used, they are the same federal loan program. Within the Federal Direct Stafford Loan Program there are Subsidized and Unsubsidized types of loans.

Both types of loans are low-interest loans for eligible students originated by Linfield with funds from the federal government to help cover the cost of higher education.

A loan is money that requires repayment with interest. The loan is in the student's name only. The student must repay the federal government through their assigned federal servicer.

A FAFSA is required annually to determine student's eligibility. The student must file a Free Application for Federal Student Aid (FAFSA) at studentaid.gov (<http://studentaid.gov/>), and must be an U.S. citizen or eligible noncitizen, must not be in default on any federal education loans or owe an overpayment on a federal education grant, and must meet other general eligibility requirements for the Federal Student Aid programs.

Students must be attending at least half time (6 credits) in order to be eligible. After the student accepts the loans on their award offer, new borrowers are required to complete Entrance Counseling (subsidized/ unsubsidized) and the Master Promissory Note at studentaid.gov (<http://studentaid.gov/>) prior to disbursement. Linfield will notify the federal government that the student intends to borrow the loan, called origination, and the student will receive a loan disclosure statement and will be assigned a federal servicer for managing the loan and repayment. Linfield disburses the loan funds at the beginning of each semester for eligible loans.

Upon the student graduating, withdrawing, taking a leave of absence or dropping below 6 credits, the student is required to complete Exit Counseling at studentaid.gov (<http://studentaid.gov/>). Repayment normally begins after the six month grace period has expired, which begins after graduation, falling below half time status or leaving school.

There are several repayment plans students may choose from when preparing to enter into repayment. Repayment is typically calculated based on a 10-year standard repayment plan.

Students may apply for deferments or forbearance if their Federal Direct Stafford Loan is in good standing and they qualify through the federal servicer. Their loan may be cancelled only if the borrower is totally and permanently disabled or dies. Other loan forgiveness and cancellation options may be available by contacting the federal servicer.

Federal Direct Stafford Loan Annual and Aggregate Limits

Dependent students may borrow the annual maximum Federal Direct Stafford Loans as an undergraduate per academic year: which is \$3,500 for first-year students, \$4,500 for second-year students and \$5,500 for third and fourth-year students. The "base" amount could be Subsidized or Unsubsidized or a combination of both, depending on the students need and eligibility.

The "base" aggregate total a dependent student may borrow for undergraduate study is \$23,000. In addition to the "base", dependent undergraduate students are eligible for Additional Unsubsidized Stafford Loans of \$2,000 a year. Thus, the total aggregate maximum is \$31,000 (no more than \$23,000 can be in Subsidized) for a dependent undergraduate student.

Independent students may borrow the annual maximum "base" Federal Direct Stafford Loan as an undergraduate per academic year, which is \$3,500 for first-year students, \$4,500 for second-year students and \$5,500 for third and fourth-year students. The "base" amount could be Subsidized or Unsubsidized or a combination of both, depending on the students need and eligibility.

The "base" aggregate total an independent student may borrow for undergraduate study is \$23,000. In addition to the "base", independent undergraduate students are eligible for Additional Unsubsidized Stafford Loans of \$6,000 a year for freshman/sophomore and \$7,000 for junior/senior. Thus, the total aggregate maximum is \$57,500 (no more than \$23,000 can be in Subsidized) for an independent undergraduate student.

Federal Direct Stafford Loan Interest Rate and Fees

Interest rates on federal student loans are determined prior to June 30th of each year, the rate is set by federal law and not the US Department of Education or Linfield University. The interest rate announced in the Federal Register applies to federal loans that are disbursed between July 1 of the current year and June 30 of the following year.

Federal loans are also assessed with a loan fee when the loan is originated by the school. Loan fees are determined annually with the federal student loan interest rate. Current year federal interest rates and loan fee percentages can be found online at [studentaid.gov](https://studentaid.gov/understand-aid/types/loans/interest-rates/#rates) (<https://studentaid.gov/understand-aid/types/loans/interest-rates/#rates>).

Subsidized Federal Direct Stafford Loan

Subsidized Federal Direct Stafford Loans are for students with financial need. Linfield's Office of Financial Aid will review the student's Cost of Attendance (COA) to determine the student's need and the amount the student is eligible to borrow.

The federal government subsidizes the interest on Subsidized Federal Direct Stafford Loans on behalf of students while they are enrolled at least half time in an eligible program at an eligible school, through their 6-month grace period and during other deferment periods based on need.

A law passed in December 2011 eliminates the interest subsidy during the 6-month grace period on any loans that had a first disbursement made on or after July 1, 2012, and before July 1, 2014.

Unsubsidized Federal Direct Stafford Loan

Students who do not show financial need, and therefore may not borrow under the Subsidized Federal Direct Stafford Loan Program, may borrow funds through the Unsubsidized Federal Direct Stafford Loan Program. Students who borrow under this loan program are responsible for all interest accrued during periods of enrollment, their grace period and through repayment.

Students can choose to pay the interest while in school, during grace periods and deferment or forbearance periods, or students can allow the interest to accrue and be capitalized (that is, added to the principal amount of the loan). If students choose not to pay the interest as it accrues, this will increase the total amount they have to repay because they will be charged interest on a higher principal amount.

FEDERAL DIRECT PARENT PLUS LOAN (PLUS LOAN)

Eligible parents may borrow a Federal Direct Parent PLUS Loan on behalf of their dependent undergraduate student enrolled at least half time at Linfield University. Funds are loaned by the U.S. Department of Education and Linfield originates the loan. Any loan received must be repaid with interest. Interest rates and origination fees are set annually by the Department of Education, rates are valid from July 1 through June 30 of the following year.

Parents and their dependent child must be U.S. citizens or eligible noncitizens, must not be in default on any federal education loans or owe an overpayment on a federal education grant, and must meet other general eligibility requirements for the Federal Student Aid programs. The student must file a Free Application for Federal Student Aid (FAFSA). The parents on the FAFSA, or the legal non-custodial parent (adoptive or biological parent) not on the FAFSA, who meet eligibility for this loan may apply. The parent borrower must apply for the Federal Parent PLUS Loan at studentaid.gov (<http://studentaid.gov/>).

Linfield will be notified if the loan is approved or declined. If the loan is approved the parent borrower must complete the Parent PLUS Loan master promissory note at studentaid.gov (<http://studentaid.gov/>).

For each dependent undergraduate student, parents may borrow up to the student's estimated cost of attendance, less any other financial aid the student may receive for the period of enrollment. Parents with no adverse credit may borrow Federal Direct Parent PLUS Loan funds to pay the education expenses of their child. Parents whose credit decision is approved will receive a disclosure statement from their assigned federal servicer.

Parents with adverse credit history may be able to qualify for the PLUS Loan by appealing the credit decision or obtaining an endorser. In situations where a PLUS loan borrower's credit decision is declined, and the parent either obtains an endorser or gains approval to overturn the credit decision via documenting their existence of extenuating circumstances, PLUS Loan Counseling is required at studentaid.gov (<http://studentaid.gov/>) prior to disbursement.

For parents who are ineligible to borrow a PLUS Loan, another option is the student may qualify for an additional unsubsidized Federal Direct loan, either \$5,000 for freshman or sophomore grade level or \$6,000 for

junior or senior grade level. Please contact the Office of Financial Aid to discuss this option.

Linfield disburses the loan funds at the beginning of each semester for eligible loans. Repayment normally begins within 45-60 days of the final disbursement of the PLUS Loan for each loan borrowed. The parent borrower may request deferment of payment while the student is enrolled at least half time in an undergraduate program. It is important to note that interest will continue to accrue while loan payments are deferred.

The parent borrower has several repayment plan options for repaying the loan, options can be reviewed at www.studentaid.gov. Current borrowers may contact their federal loan servicers with specific repayment or deferment questions.

PRIVATE EDUCATION LOANS

Private Education Loans are available to students through banks and credit unions to assist students with paying for their cost of education. These loans are not part of the federal loan program. Students may borrow up to the school's estimated cost of attendance, less any other financial aid the student may receive.

To assist students interested in a private education loan, please visit the Student and Parent Loan (<https://www.linfield.edu/financial-aid/student-and-parent-loans/private-loans.html>) page for more information to consider when researching private education loans.

SHORT-TERM LOAN PROGRAM

The short-term loan program is available to regularly enrolled students to assist with educational expenses during the year they borrow the funds. These loan funds require repayment prior to the start of the next academic year, or, for graduating seniors, prior to graduation. Linfield employees are excluded from borrowing these loans, unless they are enrolled in courses and are eligible. These funds are managed and awarded jointly by the offices of Financial Aid and Accounting.

SATISFACTORY ACADEMIC PROGRESS

Linfield University is mandated to qualitatively and quantitatively evaluate the academic progress of financial aid recipients. The standard is cumulative and includes all periods of enrollment, even those in which the student did not receive financial assistance. All financial aid is awarded with the understanding that the student will maintain Satisfactory Academic Progress (SAP). Linfield monitors satisfactory academic progress annually for programs lasting longer than one year. For programs lasting one year or less, Linfield monitors SAP at the end of each payment period. In order to maintain SAP the student must:

1. have a grade point average which meets the minimum requirements for continuation of study at Linfield,
2. earn a minimum number of credits for each academic year, and
3. be on Pace to complete all degree requirements within a specified time frame.

In the event a student's performance is found to be unsatisfactory, the student is placed on financial aid suspension and Linfield University's Office of Financial Aid notifies the student of their status to their Linfield University email account and by mailing a letter to the student's home address.

Qualitative Standard

Students are expected to maintain at least a 2.000 cumulative grade point average (GPA). Students with less than a 2.000 cumulative grade point average will be placed on academic probation and have one semester to improve their academic record before being suspended from Linfield University. GPA requirements are monitored by the Office of the Registrar and is fully described in this catalog under Academic Policies and Procedures. Students on academic probation are eligible to receive financial aid.

Quantitative Standard

Full-time students must complete at least 12 credit hours per semester, 24 credit hours by the end of the academic year if attending both fall and spring semesters. Minimum credit requirements per semester obligate students to be enrolled in a minimum of 12 credit hours each semester in order to retain full-time financial aid eligibility. Any student dropping below half-time attendance may lose eligibility for financial aid. All credit hours must be completed at Linfield University, through an approved consortium agreement or through a foreign study program approved by the University.

“No credit” designations such as “W” (Withdrawal) and “IP” (In Progress) are considered attempted but not considered satisfactory completion of a course for the purposes of financial aid. Course grades of “I” (Incomplete) require a contingency grade and are treated as both attempted and completed credits if the contingency grade is D or better. If the contingency grade is an “F”, the “I” will be treated as attempted but not completed successfully. Students are required to complete the course requirements within the time prescribed by the university.

Maximum Time Frame

Matriculated students are eligible to receive federal financial aid for a maximum of 150% of the time required to complete a degree or certificate program. *For example: A minimum of 125 credits are required to earn a baccalaureate degree. The maximum number of credits for which a student may be eligible to receive federal financial aid is 187.5 (125 x 150%).* All credits attempted are included in credits toward completion and are considered in the calculation for maximum time frame eligibility. Repeated courses (along with the original attempt) must be counted towards the maximum time frame. Students may receive federal financial aid one time for retaking previously passed coursework. Students who have attempted more than 150% of the credits required for their program of study are not considered to be making SAP and are ineligible for financial aid. Also, a student is ineligible when it becomes mathematically impossible for a student to complete their program within 150% of the length of their program.

All transfer credits accepted by Linfield will be included when determining maximum time frame eligibility as both attempted and completed.

Pace of Progression

Pace is required to ensure students complete their program of study within the maximum time frame. Pace is calculated by dividing cumulative credits successfully completed by cumulative credits attempted. For example:

Cumulative Credits Successfully Completed _____ ÷ Cumulative Credits Attempted _____ = _____%.

(Example: $56 \div 70 = 80\%$.)

Students must have an overall completion rate of 66.67% or more or financial aid will be suspended. Remedial coursework can be excluded.

Unsatisfactory Academic Progress / Financial Aid Suspension

Students that do not meet SAP standards are placed on financial aid suspension and are no longer eligible for institutional or federal financial aid.

Appealing Financial Aid Suspension

Students failing to achieve SAP requirements are given the opportunity to appeal the suspension of their financial aid. The appeal letter must be in writing to the attention of the Office of Financial Aid with documentation of the extenuating circumstances. Appeal letters and supporting documents may be faxed, scanned and emailed to finaid@linfield.edu, mailed, or submitted in person to the Office of Financial Aid. Extenuating circumstances that may be considered include: personal illness or accident, serious illness or death within immediate family, or other circumstances beyond the immediate control of the student. The appeal letter must include

1. the reason why the student failed to make SAP, and
2. what has changed since that time that will allow the student to make SAP at the next evaluation if appeal is approved.

The student is notified of the appeal decision to their Linfield University email account and to their home address; all decisions are final. An appeal that is approved allows the student to receive one semester of financial aid on financial aid probation status.

Please note: students academically suspended from Linfield must submit an appeal to the Student Policies Committee to be reinstated. Upon approval, the Office of Financial Aid will be notified and will use that appeal and decision for consideration as an appeal of financial aid suspension.

Financial Aid Probation

A student who has successfully appealed their financial aid suspension will be placed on Financial Aid Probation. The student may receive financial aid for **one** payment period while on financial aid probation status. Full time students must complete at least 12 credits. Students attending less than full time must meet the requirements established by the quantitative standard of evaluation, which will use enrollment as of the census date.

After financial aid probation, the student must be making SAP or successfully following an academic plan as part of a continued probation for the following semester. If the student is not meeting SAP, and is not following an academic plan as part of a continued probation, the student will be suspended from financial aid and need to either appeal again or reestablish their eligibility.

Continued Financial Aid Probation with an Academic Plan

A student who has successfully appealed their financial aid suspension, but who mathematically cannot meet SAP standards within one semester due to GPA, but are continuing to meet other SAP standards, or students with an exceptional circumstance that led to them not being able to meet all SAP standards within one probationary term, may be considered for a Continued Financial Probation with an Academic Plan. This will allow the student additional time to meet SAP standards. The same enrollment

requirements of Financial Aid Probation will apply for the Continued Probation semester.

Reestablishing Financial Aid Eligibility

Students who are placed on financial aid suspension can reestablish financial aid eligibility. A student who does not submit an appeal or is denied an appeal must, without the benefit of financial aid, successfully complete at least 6 credits in one semester with a semester GPA of 2.000 for reinstatement. The student may then reapply by written appeal to request financial aid for the following semester.

Financial Aid Warning

A Student enrolled in a 1-year program of study, who fails to make SAP after one payment period/semester will be placed on Financial Aid Warning. Warning status lasts for one payment period/semester and does not require action (such as an appeal) by the student. The student is eligible for financial aid during their financial aid warning status. If the student fails to make SAP for two consecutive payment periods/semesters, they will be placed on Financial Aid Suspension and follow the procedures above.
