² Appropriately themed ECON 398 may be substituted with departmental chair approval.

Departmental Quantitative Advisory and Requirement Advisory

Students enrolling in economics courses must demonstrate the following quantitative prerequisites:

1. To enroll in PRINCIPLES OF ECONOMICS (ECON 210) a student is strongly advised to have done one of the following:

- a. completed a high school mathematics course sequence covering material equivalent to FINITE MATHEMATICS WITH CALCULUS (MATH 160); or
 - b. completed or be simultaneously enrolled in FINITE MATHEMATICS WITH CALCULUS (MATH 160) or CALCULUS I (MATH 170), or the equivalent.
2. To enroll in INTERMEDIATE MICROECONOMICS (ECON 411) or INTERMEDIATE MACROECONOMICS (ECON 412), a student must:
 - a. complete FINITE MATHEMATICS WITH CALCULUS (MATH 160) or CALCULUS I (MATH 170) or the equivalent with a grade above a C-.

Departmental Policy on Prerequisites

The Economics Department presumes that students will have taken the applicable prerequisite(s) when registering for courses. However, all courses have the option of "consent of instructor." Prerequisites will be waived only when the instructor and the department chair deem that a student's background render the applicable prerequisite(s) unnecessary.

Student Learning Outcomes

- display a command of existing economic knowledge;
- utilize economic knowledge to explain economic issues; and
- create new economic knowledge.

Oregon Preliminary Teaching Licensure in Social Studies

Students who are also seeking an Oregon Preliminary Teaching License must also complete a Secondary Education major with Licensure. A teaching license endorsement in social studies also requires a course in ethnic studies. Students should consult with their Education advisor to be sure they are meeting licensure requirements for a Social Studies endorsement with this major.

In order to complete the Secondary Education major with Licensure, students should begin taking education courses no later than their sophomore year. The student must be advised by faculty in both majors. Alternatively, students may complete a Teaching Certificate (<http://catalog.linfield.edu/programs-az/online-continuing-education/certificate-programs/secondary-education-teaching-certificate-oc/>) program at Linfield after degree completion. Students should seek advice from the Education Department Director if you are considering the post-graduation certificate option.
