Total Credits		20

¹ Because of its interdisciplinary character, Gender and Sexuality Studies courses are offered in departments across the curriculum. Related courses from other departments that do not appear on this list may also be included with coordinator consent.

² Additional courses from the above lists or GENS 375, GENS 480, GENS 487, HHPA 242, or HHPA 410.

STUDENT LEARNING OUTCOMES

- Explain gender as an intellectual frame of analysis that has significantly changed disciplinary paradigms across the academy, including their own primary fields, and thus become a crucial site of knowledge-construction in its own right;
- Participate in the cross-disciplinary conversations that informed gender analysis demands, culminating in a synthesizing capstone seminar that draws together upper division minors from a wide variety of fields to compare their respective intellectual paradigms in terms of gender theory; and
