The Linfield University Department of Music, accredited through the National Association of Schools of Music, prepares undergraduate students for a lifelong engagement with music as performers, educators, conductors, composers, thinkers, listeners, and writers. Our students thrive in a vibrant intellectual and artistic community, and graduate as well-rounded musicians with a strong liberal arts education rooted in the humanities. Students

- Learn to be effective communicators through performance, analysis, critical thinking, and artistic engagement;
- Acquire proficiency in performance and academic approaches to music;
- Embrace inquiry into creative, expressive, and analytical issues;
- Serve others through music.

Awards

Outstanding music students are recognized at the annual award ceremony. Graduating seniors are also eligible for awards in leadership, performance, and scholarship.

Programs

- Music Minor (<http://catalog.linfield.edu/programs-az/arts-sciences/music/music-minor/>)
- Musical Theatre Minor (<http://catalog.linfield.edu/programs-az/arts-sciences/theatre-communication-arts/musical-theatre-minor/>)

Applied Music and Performing Ensembles

Non-majors may enroll in applied music and ensemble courses without enrolling in theory or music history courses. Please see prerequisites for such at www.linfield.edu/music/ensembles.html (<http://www.linfield.edu/music/ensembles.html>).

See the costs section for a full explanation of Applied Lesson fees.

For students taking applied instruction, one credit is given for each half hour of private lessons per week. Music majors generally take an hour lesson per week; other music students (including non-majors) take a half-hour lesson per week. Students in all performance areas meet regularly for a repertoire class in which they perform for each other.

At the completion of each semester's study in an applied area, majors and minors are required to perform pieces of contrasting styles representative of works studied during the semester before a jury of music faculty members. A student may be asked to perform technical exercises representative of the semester's study.

Non-majors are not required to perform in a jury, but may perform with the approval of their instructor.

A wide variety of performing ensemble activity is available to all Linfield students. For students participating in an ensemble, one credit is granted each semester.
